Black Oak

To the tune of "Louie, Louie," by The Kingsmen
words by Rosie Abreu, with additions by LACOSS Staff

CHORUS:

D G
Black Oak, Black Oak (clap, clap)
A G D G
Oooh, baby, let your xylem flow (whoosh!)
A G
Yeah, yeah, yeah, yeah, yeah, yeah

(repeat)

VERSES:

D G A G
Grey squirrel told me just the other day
D G A G
He found an acorn and he ran away
D G A G
he dug a hole and he stuck it in the ground
D G A G
And now tall trees grow all around

(CHORUS)

A Black Oak's roots grow way down low
Where water and nutrients begin to flow
They raise their branches and they wave to the sun
And now photosynthesis has begun

(CHORUS)

A Black Oak is a deciduous tree
The leaves change color in the fall can't you see
They drop all their leaves before the big snow
When spring comes around they begin to grow

(CHORUS)
